NORTH JERSEY RAMAPO CHAPTER NEWSLETTER & HIKE SCHEDULE

A Remembrance of Dick Warner

by Ike Siskind

When I heard the news of Dick's passing on Nov. 2, 2012, I couldn't help reflecting on his many contributions to the hiking community. He was an early member of the Ramapo ADK Chapter (founded in 1972). He started leading hikes and by 1975 he was the Club's Trails Chair. He also served as editor of our newsletter and subsequently was Chapter Chair in 1984-86.

Dick was a quiet, savvy, innovative guy and very capable. He was a retired engineer with the Ford Motor Co, and served in the US Army Air Corps in WWII. He grew up in Vermont, where he not only learned to ski but also to ski-jump. The kids in his High School built a ski jump, and were getting so good at it that they soon began to out-jump the hill. At that point the school Principal stepped in and shut them down. In his town of Allendale he served as an EMT in a local Ambulance Corps and also became a Master Gardener. In between volunteering he took guitar lessons and studied German.

In trail work he found his niche working with the Trail Conference. He became involved in helping the NY-NJ Trail Conference with their annual Litter Day trail cleanup. Later, he became a much respected Trail Supervisor, dealing with local authorities while working with, and mentoring others, in nearby New Jersey Parks.

After his retirement from all of his activities he moved to a retirement community where he continued to lead outings for the residents. It was a pleasure to have known him.

A Message From the Chair

I'd like to thank Richard for the warm welcome in his final Note From The Chair. Karen Rose, a longtime member and hike leader for the club is our new Vice-Chair and John Jurasek is our new representative to the Board of Directors in Lake George. John is active in the Sierra Club and Union County Hiking Club and is a welcome addition to our board.

We have some very interesting things planned for the year, including a wine tasting in June and our annual Mohonk Mountain House outing in September. Speaking of events, I understand that the Black Fly Affair in Lake George this year will be something special. Be sure to check our Facebook page and Yahoo Group for details when they become available. I would also encourage you to join our Yahoo Group at groups.yahoo.com/group/North_Jersey-Ramapo_ADK/ to stay informed in the event of last-minute additions to the schedule or hike changes.

I hope that you're all enjoying winter hiking as much as I am. Even though it's cold out it's still important to remember to be prepared for your hikes. Be sure to hydrate, dress in layers, and don't become overheated since you'll be chilled once that perspiration cools. If you're on an icy or snowy trail bring the appropriate traction devices. Above all, stay safe and enjoy everything that winter hiking has to offer.

As Chapter Chair I also want to encourage every member to become more involved in our club. If you have a hike you've been wanting to do why not lead it with the assistance of an experienced hike leader? Are there other events that you would like to see on our schedule? Why not suggest it to a board member or an officer? Remember, this is YOUR club. Get out there, get involved, and make your opinions known.

See you on the trails!

HIKER'S GUIDE

RESPONSIBILITIES - Hikers with children under 16 and new hikers are required to contact the hike leader in advance to determine if the hike is suitable for them. Minors under 16 are welcome on day hikes when accompanied by a parent or guardian. No person under 18 shall participate in overnight outings unless accompanied by a parent or adult sponsor over 21. The hike leader may refuse to allow a person to hike who is judged to be poorly equipped or unable to do the published hike. Pets are not permitted on hikes unless the hike description clearly states that it is "dog friendly". Non-members are welcome on two hikes after which ADK membership is required. Participants should get to the hike at least 10 minutes prior to the starting time.

RISKS - As with all physical activities, hiking involves hazards. Persons participate at their own risk and will be asked to sign a statement acknowledging that fact before starting the hike. Prior to the hike please advise the leader of any medical condition or physical liability that could affect you during the hike.

FOOTWEAR AND CLOTHING - Wear clothing suited to the weather and carry extra garments for unexpected weather conditions. Dress in thin layers so that you can adjust the number of layers as required to maintain comfort. In winter carry a wool cap and wool or polypropylene gloves or mitts and a windproof shell. Be prepared for rain. Bring a rain jacket and rain pants, preferably of the type that permits venting body moisture. Wear comfortable, sturdy boots. Do not wear cotton garments in winter.

DRINK AND FOOD - Adequate hydration is important year round. Drink frequently during the hike. Carry food to enjoy during the midday lunch stop.

DOG-FRIENDLY HIKES - All hikers with dogs must abide by park leash regulations.

HIKE RATINGS - represent the Pace, Distance and Terrain covered during the hike. A hike's rating is determined by the hike leader.

PACE: A - fast - 2.5 mph or faster
B - moderate - about 2 mph
C - easy - 1.5 mph or less

DISTANCE: is given in miles as noted

TERRAIN: A - Strenuous, long ups and downs, some rock scrambling possible.
B - Moderate ups and downs as occur typically in Harriman.
C - Generally flat with little elevation change.

MAPS - The TC number indicates a NY-NJ Trail Conference map for the area of the hike. For example: TC-118 refers to the Southern Harriman Park map.

ABBREVIATIONS - NCA-No Calls After . . . , Pref.- Leader's contact preference.

EXPENSE SHARING - When car-pooling, passengers are expected to offer the driver funds sufficient to cover the cost of fuel, tolls and parking fees. A \$3.00 minimum per person is recommended. Most hike trailhead meeting locations can be found on NY-NJ Trail Conference maps.

HIKE CANCELLATION POLICY - Sometimes an illness, injury or other unforeseen problem will make it impossible for a hike leader to lead his/her hike as announced in the schedule. When this happens the leader should first try to find a substitute leader so the hike can proceed. The hike schedule chair person or any club officer can assist if necessary. If no substitute leader can be found then the leader or a substitute should appear at the hike meeting place to inform hikers of the situation. If a qualified leader volunteers, he/she should be given the sign-in sheet and the hike can proceed as scheduled. If the hike is one that requires preregistration, the leader must inform all who registered of the change by phone or e-mail.

Springtime Hiking

by Deanna Felicetta

It's springtime, and there is a wonderful excitement in the outdoors. Whether you are a fan of snow and winter, or you prefer to pass the season doing indoor activities; everyone enjoys the arrival of spring. How about you? Do you hike in the spring? If you do, you know that the woods are alive with activity. The streams are sparkling and gurgling, the trees are budding, the birds are singing, and the plants are pushing forth with new growth. Oh, we must not forget the animals! You may even get a glimpse of them in their home when you are out in the forest.

It must be said that the wildflowers are nature's most magnificent springtime display. The variety of colors and shapes will surprise you. It is a treat to find that the woods' floor has turned to a carpet of beautiful little flowers, or that as you walk around a lake or pond the flowers delight you with their colorful displays. Spring glory, trout lilies, leeks, fiddleheads, buttercups, wild azaleas, mountain laurel and of course those lovely little trillium are all there! As you can tell I am a great fan of these lovely creations. And I must not forget to mention that there is that special aroma called spring!

There are some less welcome arrivals in the spring. Yes, the bugs do especially like mid-May through mid-June, and perhaps even a bit later in the year for areas further north such as the Adirondacks. Hikers should be aware that these mosquitoes, no-see-ums and black flies can make life very uncomfortable. They are determined and impossible to ignore. Bug spray, bug lotion and hiker's attire can be helpful in combating the insects. However, I must say that a nice cool breeze is one of the best things to discourage their numbers, if you can arrange for one or two on your hike!

AVGOLEMONO SOUP (Egg/Lemon Soup)

A much requested recipe from Dean Gletsos. Bon appetit!

64 oz chicken broth	1 small onion (or half big)
2 cups rice or orzo	4 eggs
1 small carrot (or half big)	2 lemons or 6 tblsp. bottled
1 4" stalk of celery	Salt and pepper, as needed

In a large pot add the broth, rice/orzo and a paste made in a food processor or blender of carrot/onion/celery. Heat to boil and mildly boil for 20 minutes. Turn off heat, but keep warm. Meanwhile, separate the eggs and in a medium bowl, beat the egg whites well for a minute (I use electric beater). Add the yolks and beat both for another half minute. Add the lemon juice and mix well. Start adding PORTION-WISE a cup of the hot broth mixture into the egg/lemon mixture, while beating vigorously and continuously. DO NOT ADD THE OTHER WAY AROUND! After 2-3 cups of hot broth mixture has been added, add this mixture SLOWLY into the rest of the hot broth mixture, while CONTINUOUSLY and vigorously stirring. Now the soup is frothy and ready to serve. Preferably served before the main course with crusty bread and feta cheese. Yummy! (serves 6)

With all this discussion of the beauties and the little beasts, we must not forget that we cannot just skip out into the woods without some forethought. Plan your adventure in the outdoors. When picking your hike location, take out your maps and check your desired route. Plan your starting location and time with your fellow hikers and also let those at home know where you are going.

Now put your map, compass, water, beverages and snacks in your pack. Remember to pack extra clothing that you can layer. It may also be a good idea to include a waterproof jacket, extra socks, and a hat. Spring weather can change as the day progresses. Remember the bug spray, your cell phone and if you like a camera too. A hiker's delight is truly waiting for anyone who will come outdoors and hike this spring. Enjoy your day on the trail!

We have the option of dining in the Winery's restaurant, Vinum Cafe, at 5 PM after the tour. The Cafe is located on the ground floor of the original winery building and their award-winning chef has created an exciting dinner menu. The cost of the tour and tasting will be \$10 payable when you arrive (this does not include dinner).
