A MESSAGE FROM THE CHAIR

Our Adirondack Mountain Club commemorates the incredible milestone of being 100 years old in 2022, a special occasion that will be celebrated with many exciting centennial events throughout the year, many of which are announced in this newsletter and on the ADK website. Based out of the Adirondack Park in New York State, ADK is a leader in providing outdoor education, promoting responsible recreation, and organizing stewardship experiences. Since 1922, the organization has worked to extend access to the outdoors by building trails, conserving natural areas, and developing a stewardship community that supports the ethical and safe use of New York’s outdoor spaces. A member, donor, and volunteer-supported organization, ADK reaches across New York and northern New Jersey through its 27 chapters to inspire people to enjoy the outdoors ethically. Our area has enjoyed the benefits of a local ADK chapter for 53 years, from the creation of the North Jersey Ramapo Chapter in 1969, the Ramapo Chapter a bit later, and their merger in 2009 to form our North Jersey - Ramapo Chapter. We are run entirely by volunteers who celebrate the extraordinary community that enjoys and protects trails through a mission of recreation, education, and conservation.

To further augment that effort, the Advisory Council was formed a year ago to bolster chapters and to help guide ADK’s direction and future. The Council is proving to be an effective board to promote and support our 27 chapters. It has accomplished a lot and worked hard to bring members together, creating a forum for chapters to share ideas, ask questions, and voice concerns, and sponsoring six committees to advise and make recommendations as to ADK’s mission and issues affecting ADK chapters. Peter Reiner, our chapter trustee to the Advisory Council, through hard work and dedication, has helped our chapter significantly in operational and mission-oriented matters. To aid that effort, I am happy to announce that our chapter board has approved the nomination of Mike Prestia as Alternate Trustee, representing our chapter at the Advisory Council. You can read about Mike’s background on page 4.

We have a new chapter volunteer to introduce: Mary Gelber will be assuming responsibility for the ADK NJR Meetup site, replacing Daphne Downes, who, after many years of remarkable service, is stepping down. Thank you, Daphne, for your hard work as NJR’s “Social Media & Events Coordinator”. We appreciate your support and efforts as our Meetup Administrator and a Facebook editor. A big thank you to Mary for volunteering to administer our Meetup site!

On a sad note, Pat Banker is stepping down from her role as our Newsletter Chair. We thank Pat for all she has done for our chapter as Newsletter Chair and member of our board. We appreciate the support she has given our chapter and her tireless efforts in producing our professional-looking newsletter. Our board seeks to recruit a Newsletter Chair. We will help support the newsletter editor transition. If you have a passion for writing or editing or if you have a graphic...

... continued on page 2
design background or experience, this is your chance to use your talent to help ADK NJR (see below).

Our next biggest need continues to be new hike leaders. If you have considered leading a hike but are unsure how to go about it, ask an experienced leader to be your mentor (see below). The benefits of volunteering are many. Volunteering helps us connect with those with similar interests. You can forge relationships, foster growth, find purpose and meaning, build social connections, and avoid problems of social isolation. To volunteer, contact me or any of the committee chairs. We look forward to working together. To the many volunteers who lead, organize, and support our chapter activities and programs, thank you.

Best,
Geoff

ADK NJR VOLUNTEERS MAKE IT HAPPEN!

ADK NJR NEEDS YOU!
Our chapter relies on member volunteers to make the chapter work. These folks manage our liaison with ADK headquarters, organize and lead hikes and other outings, publish this newsletter and the chapter website, recruit new members, and much, much more.

Get the most out of your membership! Help run the show!

Current opportunities:

**Newsletter Chair:** Put your document production skills to work. You will produce our 12-page newsletter 4 times per year (Winter, Spring, Summer, and Fall) using the tools you know best. You need not write the articles since most of the content is provided by others. Your job is to make an attractive layout, select photos, edit for spelling, grammar, etc. and generate the files used for printing and the website.

For more information, contact Geoff Fonseca, chair@adknjr.org

**Outings Leader:** Go on any of your favorite hikes and take a group of other ADK members along to keep you company. There is minor paperwork involved (writing a brief description for the outings schedule and ensuring all participants sign the release forms). As a perk and because it’s the right thing to do, ADK NJR sponsors free safety training for our most active hike leaders. So start leading hikes now and enjoy abundant honor, recognition, and gratitude from your fellow hikers.

**Spring Chapter Meeting**  
**Identifying Birds During Spring Migration**

**Wednesday, May 18, 2022, from 6:30 to 8:00 PM, via ZOOM**

Presented by Yamina Nater-Otero and Richard Santangelo

Sharpen your bird-watching skills with help from our two guest speakers from the New York For the Birds! Audubon Society. Every spring, birds fly thousands of miles to their spring nesting grounds. Their journey takes them through our local parks, gardens, and backyards. Learn how to spot them and listen for our feathered visitors. Get tips on how to make the observations you need to identify them. Become a part of the community science team by learning about how you can contribute data that helps.

Yamina Nater-Otero, Program Coordinator. A lifelong animal lover, Yamina took the scenic route on her journey to conservation and sustainability. After getting a BA in Classical Studies, she spent 8 years working with special needs children both as an educator and a nanny. During that time she discovered her love of nature and eventually entered the Environmental Education MA program at Montclair State University. While working on her degree she served with Americorps for a year and taught at the School of Conservation in Stokes State Forest. She is excited to put her passions for sustainability, community outreach, and social justice to good use at the Audubon. In her free time, she enjoys consuming far too much pop culture and spending time with her two Boston Terriers.

Richard Santangelo, Program Director. A former elementary school teacher and Peace Corps Volunteer, Rich is responsible for promoting the growth and implementation of the For the Birds! the program across the five boroughs of New York City. Rich holds a Bachelor’s of Education from William Paterson University and a Master’s of Science in Environmental Education and Ecology from the Florida Institute of Technology.

**ADK’s Centennial Celebration & Fall Outing**

**September 23 - 25, 2022**

Cold River Chapter is hosting ADK’s Centennial Celebration & Fall Outing at the Silver Bay YMCA Conference & Family Retreat Center in Silver Bay, NY (near Hague). Open to the public, this event will celebrate ADK’s century of teaching people how to explore and protect New York’s public lands and waters. Scenic views of Lake George will serve as the backdrop to three days and two nights of guided hikes, music, boat tours, food, and more. In addition to 60 planned outings, highlights of the celebration include music by Dan Berggren and the Jamcrackers on Friday night, and a special guest speaker on Saturday night: noted environmentalist and author, Bill McKibben. Lodging is available for an additional cost at the Silver Bay YMCA. Participants are also welcome to join for just the day, or to stay at other areas nearby.

For more information and to register, go to [https://adk.org/event/centennial-fall-outing/](https://adk.org/event/centennial-fall-outing/)
Meet Mike Prestia

I began my hiking passion in October of 2015 as a form of exercise with the dream/goal of through hiking the Appalachian Trail. It remains on my bucket list although I have hiked sections in NY, NJ and Connecticut. Since then I have met many wonderful people on the trails in the local area and the Catskills. After club members Roy Wooters and Peggy Wissler introduced me to hiking in the Catskills, I completed the 35 hikes for membership in the Catskill 3500 club in one year and am currently working on the winter designation.

I have been a member of ADK-Ramapo/North Jersey chapter for six years and during this time, I have participated in many chapter activities. Four years ago I became a hike leader. I am also a member of the NYNJ trail conference and was a trail maintainer (Sterling Forest) for 4 years.

In July 2000, I retired from the New York City Police Department with the rank of Sergeant. After retiring, I went into Corporate Security Management working in both contract and proprietary positions at Bloomberg LP, Hudson Yards, and Worldwide Plaza. Now I work for the Eastchester School District in Westchester County. I hold a Master’s of Science degree in Security and Protection Management.

Rebirth

by Mary Gelber

Let sterile-filter winter-past
Parch present day?
Drip-down joyspring’s overflow
in steady sip of life-ebb pain-past-filled?

Or

Spring dash
ice-glass frigidity against a stone
Spill dammed-up flood of
Real
And
Surface,

being overswept
by Falcon-soaring Spirit
finding joy in Whitman’s leaves of grass
and seeing west meet east
in newly sprouted crocus blooming
in Storm King Mountain air.

HIKING IN THE "NEW NORMAL"

- For updated guidance from ADK, Lake George, click here.
- We are requiring proof of vaccination for all participants unless a valid medical exemption is provided.
- The size of the NJR group on any particular hike is entirely at the discretion of the hike leader, must comply with local park limits on group size, and must follow CDC guidelines for the vaccinated and unvaccinated.
- ADK NJR members in good standing get priority over members from other chapters, guests of NJR members, and Meetup people.
- An electronic Release of Liability form, which will be linked to the hike schedule, must be completed by each participant, including the leader, at least 48 hours before the hike. Alternatively, participants may sign the Release of Liability form at the trailhead at least 15 minutes before the hike, when they are approved to do so in advance by the hike leader.
- Each participant will be required to have personal protection equipment (PPE), including a face mask, gloves, and hand sanitizer.
- Participants will be required to answer the following questions. A “yes” answer to any question will result in a participant being ineligible to hike that day.
  1. Do you currently have any symptoms of a respiratory infection (including cough, fever, sore throat, shortness of breath, or loss of taste/smell)?
  2. Have you had any of the above symptoms in the past 10 days?
  3. Have you tested positive for COVID-19 in the past 10 days?
  4. Have you had contact with a confirmed or suspected COVID-19 case within the last 10 days?
- Face masks should be worn when sharing vehicles, regardless of vaccination status.
- The CDC has released a set of guidelines for fully vaccinated people. You can read their current guidance here. You can see New York’s current travel advisory here and New Jersey’s here. All chapter activities and participants must comply with these state guidelines.
- As in the past, hike leaders retain the right to request any participant to leave the group if he/she is not adhering to any of the guidelines.

HIKER’S GUIDE

RESPONSIBILITIES - All hikers are required to contact the hike leader in advance to register for the hike. The hike leader will help determine if the hike is suitable for you if you are unsure. Hikers with children under 16 and new hikers are required to contact the hike leader in advance to determine if the hike is suitable for them. Minors under 16 are welcome on day hikes when accompanied by a parent or guardian. No person under 18 shall participate in overnight outings unless accompanied by a parent or adult sponsor over 21. The hike leader may refuse to allow a person to hike who is judged to be poorly equipped or unable to do the published hike. Participants should get to the hike at least 10 minutes prior to the starting time.

RISKS - As with all physical activities, hiking involves hazards. Persons participate at their own risk and will be required to sign a statement acknowledging that fact when registering for the hike. Prior to the hike please advise the leader of any medical condition or physical liability that could affect you during the hike.

FOOTWEAR AND CLOTHING - Wear clothing suited to the weather and carry extra garments for unexpected weather conditions. Dress in thin layers so that you can adjust the number of layers as required to maintain comfort. In winter carry a wool cap and wool or polypropylene gloves or mittens and a windproof shell. Be prepared for rain. Bring a rain jacket and rain pants, preferably of the type that permits venting body moisture. Wear comfortable, sturdy boots. Do not wear cotton garments in winter.

DRINK AND FOOD - Adequate hydration is important year round. Drink frequently during the hike. Carry food to enjoy during the midday lunch stop. Both alcohol and smoking are prohibited on all ADK NJR hikes.

HIKE RATINGS - represent the Pace, Distance and Terrain covered during the hike. A hike’s rating is determined by the hike leader.

PACE:
- A - fast - 2.5 mph or faster
- B - moderate - about 2 mph
- C - easy - 1.5 mph or less

DISTANCE:
given in miles as noted

TERRAIN:
- A - Strenuous, long ups and downs, some rock scrambling possible.
- B - Moderate ups and downs as occur typically in Harriman.
- C - Generally flat with little elevation change.

CEG - stands for Cumulative Elevation Gain: an estimate of the sum of all the uphill portions of the hike, given in feet.

MAPS - The TC number indicates a NY-NJ Trail Conference map for the area of the hike. For example: TC-118 refers to the Southern Harriman Park map.

ABBREVIATIONS
- NCA - No Calls After...
- Pref. - Leader's contact preference.

DOG-FRIENDLY HIKES - Pets are not permitted on hikes unless the hike description clearly states that it is "dog friendly". All hikers with dogs must abide by park leash regulations.

EXPENSE SHARING - When car-pooling, passengers are expected to offer the driver funds sufficient to cover the cost of fuel, tolls and parking fees. A $3.00 minimum per person is recommended. Most hike trailhead meeting locations can be found on NY-NJ Trail Conference maps.

HIKE CANCELLATION POLICY - Sometimes an illness, injury or other unforeseen problem will make it impossible for a hike leader to lead his/her hike as announced in the schedule. When this happens the leader should first try to find a substitute leader so the hike can proceed. The hike schedule chair person or any club officer can assist if necessary. If no substitute leader can be found then the leader or a substitute should appear at the hike meeting place to inform hikers of the situation. If a qualified leader volunteers, he/she should be given the sign-in files and the hike can proceed as scheduled. The leader must inform all who registered of the change by phone or email.
